

Letter Received from Isaac Anderson, US Army, Deployed to Afghanistan:

*Hello Thomas Road:*

*I am doing well here in Afghanistan. I am fighting the good fight for both God and the U.S. I miss you all and think of you guys every day. I can feel your prayers uplifting me, and the protection God gives.*

*I have one prayer request. Please pray for the people here. These people are trying to make it day to day with what they have, and on top of it they have the enemy harassing them almost every day. I didn't quite know what I was fighting for until I got here, now I see. These people need God and His love.*

*Anyway, I have been given the chance to give a message to my fellow soldiers. I look forward to seeing what message God sends through me. Well, I have to go now. I will write again, but until then I will be protecting you as you sleep.*

*Love in Christ,*

*Isaac Anderson*
